

RT Specialty's Environmental & Construction Professional (RT ECP) Practice studied its Contractor's Pollution Liability (CPL) book of business for the 2023 calendar year to determine the average and highest limits purchased by various types of contractors. The results of our research, depicted in the following graph, reflect firms that purchase CPL insurance on a monoline basis. These contractors represent specialty trades to general contractors across the country with sizes ranging from \$1 million to over \$5 billion in annual revenues.
